November 27, 1970

Dear Mr. Geary,

Please forgive the delay in my replying to your report of reception of our FM affiliate WIOV.

Your reception of our program on October 11, 1970 as reported in the log you kept and submitted, is verified, and indeed is extremely accurate, which substantiates your claim of excellent reception.

WIOV has been on the air with our increased ERP of 50,000 watts for anly a few months, but already it is obvious to us that our coverage has been vastly increades, as your verification request is but one of many.

Thank you for taking the time to inform us, and if you're ever in the area, stop in for a visit.

Sincerely,

David A. May
Chief Engineer
